Fall 2000

Cardkey Procedures, Fall 2000

Most Cory and Soda Hall Instructional labs (and the buildings themselves) will require **access by cardkey** on evenings and weekends. Cardkey operations are administered in 391 Cory and 387 Soda (9am-noon, 1pm-4pm).

The old, blue cardkeys for Cory, Soda and Davis Halls were replaced with new white ones in Jan 2000.

- Students in any EE or CS class can go to either 391 Cory or 387 Soda to get a new, white cardkey. New cardkeys cost $20 ($15 refundable). Payment may be cash, or cheque payable to "UC Regents").

- Students in any EE or CS class can go to either 391 Cory or 387 Soda to request access to the EECS Instructional labs. The cardkey will be enabled for access to all labs in Soda, Cory and Davis Halls for which the student is authorized (2-3 days after the request).

Your access to UNIX and NT labs will depend upon the class(es) you are in:
