Midterm 1, Problem 3

The bar chart shows the number of students in each upper bin value range. The x-axis represents the upper bin values, and the y-axis represents the number of students. The tallest bar corresponds to the upper bin value of 20, indicating the highest number of students in that range.
Midterm 1, Overall

- Upper bin values: 18, 25.125, 32.25, 39.375, 46.5, 53.625, 60.75, 67.875, 75
- Number of students: 2, 2, 4, 6, 14, 13, 9, 5, 4
