Please fill out this survey as honestly as you can. The purpose of it is to help me help you learn. You don't have to put your name on it if you don't want to.

1. Why are you taking this class?
2. What are you hoping to get out of this class?
3. What aspects of Optical Engineering are most interesting to you?
4. What experience, if any, do you have working with optics or optical devices or electronics?
5. Have you taken a class on Electromagnetism?
