Homework Policy

Outline

- **Collaboration**: Discussions about homework are allowed and encouraged but each student is expected to write his/her own solutions.

- **Self-Grading and Score Submission**: Students will grade their own homework and submit the score to zhanghao@eecs.berkeley.edu. We will periodically check your scores for inconsistencies. Please note the department policy on academic dishonesty:
  
  http://www.eecs.berkeley.edu/Policies/acad.dis.shtml

The students should make a photocopy of their homeworks for self-grading and for future reference. The original version should be turned in at the beginning of the lectures.

You can get 3 possible scores for a problem, 0, 0.5 and 1. If your solution is entirely correct, you get 1 point. If your solution is more than 50% correct on a single part problem or you solve at least half the parts entirely correctly for a multi-part problem, you get 0.5 point. Otherwise you get 0 for the problem.

In the email to report the score, the title should be of the following format: EE224AHomeworkX (where X is the homework assignment number). The content of the email should include name, student ID number, and a row of scores (the number of scores should be equal to the number of problems). Please only put spaces between the scores for each problem, i.e. no commas, no semi-colons, no new-lines.

Example of a student submitting self-graded score for Homework 1, in which there are 6 problems.

Title of email:
EE224AHomework1
