

Next Unit of Computing in EECS

Intel donates 150 NUCs to renovated EECS labs

Our NUCs are.... Intel i3-3217U CPU @ 1.80GHz, 16GB DDR3 1333 MHz RAM, 240GB SSD, 24" LED Monitor with audio jack and HDMI in a 4"x4" enclosure (shrinks the desktop!)

In labs newly renovated by EECS (271, 273, 275, 277 Soda)

Classes using them include:

- CS61A The Structure and Interpretation of Computer Programming
- CS61B Data Structures
- CS61C Machine Structures

Their programming environment is now state of the art: NUCs support HD, dual LCDs, VT-x, SSDs, run Linux; replaced 12-yr old xterminals
