

Survey

Please fill out the following survey regarding how the class has been so far. You will turn this in to your TA in exchange for your graded midterm. Feel free to attach an extra sheet of paper if the space provided for one question is not enough. You do not have to answer all questions.

Your opinions and suggestions are very important to us, so let us know how we are doing, what we are doing well, and how we can improve the course for the rest of the summer. Thank you!

Lectures

What are Tom and Jon doing well in lectures? What would you like to see more of in lectures?

What are Tom and Jon not doing so great in lectures? What could be improved about lectures?

Is there anything else would you like to say about the lectures and lecturers, or about the material itself?

Labs

What is your TA doing well in lab sections? What would you like to see more of in lab sections?

What is your TA doing not so great in lab sections? What could be improved about lab sections?

Is there anything you would like to say about the lab materials?

Discussions

What is your TA doing well in discussion sections? What would you like to see more of in discussion sections?

What is your TA doing not so great in discussion sections? What could be improved about discussion sections?

Is there anything you would like to say about the discussion materials?

Homework and Projects

Are the homework assignments and projects helpful in understanding course material? If not, how can they be improved? You can refer to specific homework assignments and/or projects.

Miscellaneous

Describe your overall opinions of the course/instructors/TAs with either a haiku, or a drawing, or a song with accompanying sheet music.
