

CS61B Lab #4

Please finish this lab by Friday, preferably during the lab period. It is due at midnight Friday.

1. Quizzes

-----

Do the indicated quizzes given on the lab index page. The quizzes are the only things that needed to be handed in; you don't need to submit anything for lab4 via svn.

2. Project Work

-----

We expect you're likely to be working feverishly on the project this week, so the TAs are here to help you.
