Anaconda Installation

- ✘ Go to **https://www.continuum.io/downloads**
- ✘ Download the **Python 3.5** package for your OS.
- ✘ Follow the instructions for your OS on the Continuum website.
- ✘ Download **dis0b.ipynb** from the course website.
- ✘ Open a terminal window and navigate to **dis0b.ipynb**. Run the command "**ipython notebook dis0b.ipynb**" and verify that it works.
